

PUMP4000-1,6L [↗](#)

Hydraulic pump, manual

High-pressure hand pump, 4000 bar

Technical information

Your current product variant

Series	PUMP	Series PUMP
Version	HPA	For high-pressure applications

Technical data

P_{max}	4.000 bar	Maximum operating pressure
\check{V}_H	0,5 cm ³	Oil flow/stroke
V_{max}	1,8 l	Volume of oil container
V_{eff}	1,6 l	Useable oil quantity
η_{40}	32 – 46 mm ² /s	Oil viscosity in accordance with ISO VG at 40°C
L_0	2.000 mm	Hose length
	Quick coupling G $\frac{1}{4}$	Coupling
	590 mm	Length pump
	130 mm	Width pump
	210 mm	Height pump
$\approx m$	7,8 kg	Weight

Additional information

	preferably for high-pressure applications, e.g. removal and mounting of bearings and components using the pressure oil method	Use
