Drum pump

Pneumatic drum pump set

## Technical information

**Technical data**

25 kg hobbock	Usage	
Pneumatic pump	Design	
RP ¼"	Connector compressed air inlet	
R ¼"	Connector grease outlet	
40 mm	Suction pipe diameter	
495 mm	Suction pipe length	
425 bar	Operating pressure (at 6 bar pneumatic supply pressure)	
3 bar	Pneumatic supply pressure, min.	
8 bar	Pneumatic supply pressure, max.	
1:55	Pressure ratio	
1.150 cm <sup>3</sup> /min	Delivery rate	
85 dB	Sound pressure level	
≈m	19 kg	Weight

**Additional information**

Pneumatic drum pump with suction pipe, grease gun, high-pressure-hose with connecting nipples, grease follower piston, dust cover	Included in delivery
