

### WS89424 [↗](#)

#### Shaft locating washer

Axial cylindrical roller bearings 894, single direction, comprising K894, GS, WS

## Technical information

### Main Dimensions & Performance Data

|                |         |                           |
|----------------|---------|---------------------------|
| d              | 120 mm  | Bore diameter             |
| d <sub>1</sub> | 250 mm  | Lip diameter shaft washer |
| B              | 26 mm   | Height shaft washer       |
| ≈m             | 7,71 kg | Weight                    |

### Mounting dimensions

|                  |      |                           |
|------------------|------|---------------------------|
| r <sub>min</sub> | 4 mm | Minimum chamfer dimension |
|------------------|------|---------------------------|
